

Group Development Team

Who Are We?

We are a mixed team of parents and supporters with one common interest - to help support and develop Scouting on Hayling.

What do we do?

We tackle important issues and challenges that face the Group, based always on the interests and requirements of our Leaders and young people.

We are not a boring management committee! We are not a fundraising committee. Of course, we have financial and management responsibilities which we handle in an orderly and professional manner. The Group is a registered charity so we can benefit from this status, especially financially.

What is the Commitment?

Our meetings are lively, every two months and last no more than two hours.

No long term commitment, typically for 1 or 2 years – give it a try and see how you find us! You may be surprised to discover the range of activities and interests that we are involved in. Sometimes we even surprise ourselves how much we can achieve when we really focus on a new challenge.

What Skills do you need?

Our present team have a range of interests or specific skills that are put to good use – artistic, secretarial, practical DIY, management skills, a member of or contact with other organisations, sourcing funds, links with schools.

But if you are simply an enthusiastic supporter who wants to help support your child's progress through Scouting, we can use your enthusiasm wherever you feel best suited.

Are there any Training Requirements?

There are no specific training requirements to be part of our team, although this does not prevent anyone from learning new skills that can be used to benefit the Group. We would always positively support such interest.

And Remember

- We are all very proud of how Scouting on Hayling has developed and grown – we would like you to share in this success.
- Most of us have full time jobs and families so we understand and recognise the priority decisions that have to be made. Flexibility is key to our success.

How do I Join?

It's easy. Either visit the “Scouting for Adults” pages on our website at www.haylingscouts.org.uk/adults/ and follow the instructions OR call our Group Chairman, Phil Blossie on 92463401. Either way we will contact you to discuss the role in more detail before you decide whether or not you are willing and able to join the team.
