### Publication of Photographs and Achievements

During the course of the year, we take many photographs of events, activities and presentations involving the members of the Scout Group. We would, on occasions like to publish these in our own newsletters, in the local press (normally the Hayling Islander and occasionally the Portsmouth News) and also on our website in order to inform people what we have been up to, and more importantly to celebrate the presentation of a top award or other significant achievement.

There are for example many ex-members of the Group who keep in touch with us via the Islander and more recently the web site.

Should you **NOT WISH** your Son or Daughter's photograph to appear in any of our communications or publications, please will you complete and return the form below to me at the above address. I will then ensure that all of our leaders are aware as they move through our sections.

Many Thanks

Ian
